[81 Million Votes, My Ass by Kari Lake & The Truth Bombers - YouTube](#)

I can't afford the groceries.

I can't afford your gas.

It's Biden flash across the nation

81 million votes my ass

Hey

81 million votes my ass

If you think the steal was fair

If you think there's a middle class

(Kari: This song has already pissed off women)

81 million votes my ass

(Kari: The crime was committed in broad daylight

The 121st day of public sanctioning our media

We're living on planet crazy)

Go a laptop full of China

Represents more than crack

If the Chinese got sleepy Joe in the shower

81 million votes my ass

Hey

81 million votes my ass

81 million votes my ass

81 million makes me laugh

Then you got busy

Stuffing 45 dollars in the trash

(Kari: It's despicable what they did and I will

Not let these bastards get away with it.)

81 million votes my ass

81 million votes my ass

81 million votes my ass

(Joe Biden: I am as strong as hell)

(Kari: He had the swamp going after him.

And he was still getting stuff done.

And now we have stumbling, bumbling Joe

I miss the bull in the china shop

I miss the mean tweets

I miss Donald Trump

81 million votes my ass)

(Incoherent mumbling by Joe Biden)

When Kamala's tosses word salad

She immediately tends to laugh

When she needs to win she befriends our enemies

81 million votes my ass

Hey

81 million votes my ass

(Kari: And at first I chuckled, I said oh my gosh

Hillary Clinton is actually talking about me

That's funny and then I got to thinking

Maybe that's not funny. Oh my gosh, Help, Help.

And I just want you all to know I'm in perfect

health.

We've recently had our automobile serviced

And the tires are good and the brakes are in good

order

And I am not suicidal)

My lips are lies and truth is broken
